

## **Re-Entry Tool Kit A Blueprint for Opening Schools**

### **Social-Emotional Learning is Job #1**

**A well-developed social-emotional re-entry plan is critical** to effectively re-opening our schools. It gives schools the best opportunity to create a safe and supportive school climate, one that best creates the conditions needed for learning and success.

**The Re-Entry Tool Kit is designed to support educators** responsible for re-opening schools by providing online training, resources, materials, and activities for successfully meeting the social-emotional needs of staff, students, and families.

**The tool kit** includes the following components:

- One hour Zoom orientation to review all materials to ensure a successful launch
- Materials including scripts for leading discussions, activities, restorative circle prompts and handouts
- Four online trainings
- Coaching and trouble-shooting support through regularly scheduled Zoom meetings

---

#### **Online Staff Development Training Module – 1 hour**

**Objective:** By the end of this module participants will:

- Know proven self-care practices for remaining healthy – emotionally and physically
- Be able to generate a personal self-care and wellness plan
- Strengthen communication skills to effectively connect with students returning to school with varying degrees uncertainty, anxiety and trauma

**Audience: all staff - administrative, certificated and classified**

## **Online Leading Student Meetings Training Module- 1.5 hours**

**Objective:** By the end of this module participants will:

- Understand the importance and benefits of providing students with the opportunity to connect with peers, share experiences, process emotions, and learn tools and tips for self-care and supporting classmates
- Be equipped to conduct a series of student meetings utilizing activities, prompts and scripts for small and large group discussions

**Audience: 3-5 key staff leaders per school**

---

## **Online Parent and Family Training Module - 1 hour**

**Objective:** By the end of this module participants will:

- Understand the importance and benefits of having all staff prepared and energized to support parents and families as they return their children to schools
- Have tools and materials to support staff with best communication practices for welcoming parents and families to the school

**Audience: 3-5 key staff leaders per school**

---

## **Online Administrators Training Module – 1hour**

**Objective:** By the end of this module participants will:

- Have tools to support all staff with self-care and wellness plans
- Have ideas, talking points and scripts for leading effective staff meetings

**Audience: site administrators responsible for staff development and oversight**

---
